OBJECTIVE

Aspire to work in a high-energy continuous learning environment. Want to get involve in creative & innovative works that can include development and designing for mobile & cloud based applications. I enjoy challenges and making positive contributions to the workplace through the strength of my work and positive input.

SUMMARY

- A unique mix of creative, entrepreneurial and technical abilities.
- Extremely versatile at learning & working in any domain and technology.
- An analytical approach to problem solving & requirement gathering.
- Self-motivated team player and excellent communicator.
- Foresight and willingness for developing quality products and services.

KEY SKILLS

Programming Languages:	C# • Java • J2EE • PHP • JavaScript • Python • C • C++
Technologies:	Windows (8 - 10) Universal Apps • Xamarin Cross-Platform Apps • HTML5 & CSS3 • XML / XAML • Spring • Maven • Hibernate • RDBMS • JSON • AJAX • Cloud Computing • SEO/SMO • Version Controlling • CMS
Systems:	Windows (98 - 8.1, 10) • Mac OSX (10.6 – 10.11) • Linux (Ubuntu 16.10, Fedora)
Development Applications:	Visual Studio (2008-2015) • Xamarin Studio • Telerik DevCraft • Eclipse (Spring Tool Suite) • XAMPP • Coda • Netbeans IDE • Git • PyCharm • SQLite Admin • SQLYog • MySQL WorkBench • VS Code / Sublime Text • Microsoft Blend • SQL Server Management Studio • Brackets • Android Studio
Multimedia Applications:	Adobe Creative Suite • Sony Vegas Studio • Cinema 4D • Adobe Lightroom • Fruity Loops Studio
Corporate Applications:	Microsoft Office Suite (2000 – 2016, Project & Visio) • Yammer • Balsamiq Mockups • Asana • Slack
Fundamentals:	Object Oriented Analysis & Design • Software Oriented Architecture • Database Management • Agile methodology • Design Patterns • UX/UI Designs • Extreme Programing • Cloud Computing

EXPERIENCE

1. FOXENA Corporation (foxena.com)

Entrepreneur | *October 2013 – Present*

Currently working & managing client-based projects. Working on various technical platforms & frameworks according to requirement analyzed for specific projects. Also working on an in-company project; a mobile & cloud based information system for people and communities connected via Windows Azure cloud and having complex real world relations. Using Xamarin platform to develop frontend cross-platform native mobile applications & backend business logic in written in C# as Windows Azure Mobile Service.

2. Yoova Technologies

Software Evangelist / Developer | *January 2012 – November 2013*

The responsibility included developing business logics, social media APIs for user interactions, UI/UX designs & version controlling. Being an entrepreneurial member of the team, I experienced in initializing the development phase of the new application by providing prototypes, database schema, developing framework & core modules of the app.

3. Freelancer

Designer / Developer | September 2010 – June 2012

Worked with clients to develop Windows Form Applications, PHP & J2EE projects, corporate identity & branding, social media based projects, payment gateway implementation, web apps and more.

EDUCATION

Academic details:

Examination	College/School	Year of Passing	University /Board
B.E. / B. Tech.	JSS Academy of Technical Education, Bangalore	2013	VTU, Belgaum
Sr. Secondary	Emmanuel Mission School, Bundi	2007	CBSE, Delhi
Secondary	Atomic Energy Central School No. 4, Rawatbhata	2005	CBSE, Delhi

Projects & Seminar Highlights:

- Educational Hub** | *Activities Performed:* Requirement gathering, Research & Analysis, Case study, Designing in Photoshop & Blend for Visual Studio, Coding in C#, Front-end in XAML / Silverlight, Integration & System Testing, Documentation and Presentation.
Based on Windows Azure mobile services a cross platform application is developed. Multiple unique algorithms are used to come up with an interactive application for academic communities and personal learning.
- Discovering JSON** | *Activities Performed:* Analysis, Case study, Live Demo, presented seminar and answered the raised queries.
- Online Voting System** | *Activities Performed:* Case study, designing & coding in Java (J2EE), White Box Testing and Presentation.

GROUPS & ASSOCIATIONS

- Institute of Electrical and Electronics Engineers (IEEE) Certified Member.
- IEEE Computer Society, IEEE Communication Society & Greenpeace India (NGO) Member.
- Atomic Energy Central School (AECS) & JSS Academy of Technical Education (JSSATE) Alumni.
- Mozilla foundation (Campus Ambassador, 2013), Code.org volunteer & (Open Source) Contributor.

EXTRACURRICULAR & ACHIEVEMENT

- Certified Core Java trainee (NIST) & attended Robotics / Embedded workshops (Li2 Innovations).
- B certification by 7 Raj Air Squadron NCC (Air Wing).
- Honored by C P Jhamb, Rajasthan Atomic Power Station (RAPS) Site Director.
- 92 percentiles in National Science Olympiad and 88 percentiles in National Cyber Olympiad.
- Won, volunteered & certified in numerous academic, co-curricular, cultural and social events at school, college & city levels.
- Participated in numerous paper, poster and project Presentations, Fashion shows & Photography competitions.

POSITIONS OF RESPONSIBILITY

- Lead project designer & developer for numerous startups including AltaSor, Comedy Wagon, The Salon, Simulator India & more.
- Project Manager & Lead Web Developer at Kannada Times Media Group (kannadatimes.com) & Genexis Studio (genexisstudio.com)
- Event Organizer, Lead Web Developer & Designer, Verve (Verve is an annual college fest in JSSATE, Bangalore).
- Core committee member & Designer of Chirantana (College magazine) & for other events and music festivals at city level (Bangalore, India).
- Core committee member of FISE (Forum of Information Science & Engineering). Also volunteered events at college, school and city levels.
- Project Leader for works done at college, school & city/town level. (aecs4rbt.ashisharma.info, rawatbhata.webs.com)
